

# 23MK - HiTech

Air handling units for industry

Dedicated and fully customized solutions for different industrial applications.

Mekar thanks to its know-how and to the marked flexibility and dynamism that has always characterized its engineering, is able to find turnkey solutions with different purposes, such as for example the increase in production efficiency, energy saving, the safeguarding the wear and tear of equipment and technical systems, the recovery of energy sources that are differently dispersed, high temperature treatments or the need to guarantee a strictly constant climate control and absolute air quality.

Numerous and transversal are the references in the industrial world, in which Mekar has succeeded in developing, designing and providing solutions aimed at satisfying the specific requests of the Customer, with innovative and cutting-edge proposals.
